

Puff n' Fluff

THE INFINITELY ADJUSTABLE PILLOW

*Adjusts to three levels of support...soft, firm
or anything in between.*

It's easy!

Simply puff into
the attached
tube to inflate.

- If you sleep on your front, you need a low profile...that's one **puff**
- If you sleep on your back, you need more support... that's two **puffs**
- If you need more support... that's three **puffs** or more
