

The Pillow with the Dimple™

DOCTOR RECOMMENDED!

An anatomically correct pillow that maintains proper support of the cervical spine thereby optimizing the airway. Breathing is improved and in certain cases even snoring is lessened.

Doctor L. Rosner ENT Surgeon

The dimple cradles your head keeping your head in proper alignment. This may greatly reduce neck pain, headaches and may improve the quality of your sleep.

M. Forman Doctor of Physical Therapy

FEEL YOUR MUSCLES RELAX!

Overnight relief, reducing muscle tension and stiffness, headache, back & neck pain.

SLEEP THROUGH THE NIGHT!

Non-allergic - 100 percent polyester construction. Maintains shape & support, no matting or crumbling.

A SAFE, AFFORDABLE SOLUTION

Doctors and therapists recognize the value of using an anti-stress therapy pillow as part of patient treatment. Also, the pillow functions as a highly effective rehab and post-rehabilitation product.

SLEEPY HOLLOW™

ANTI-STRESS THERAPUTIC PILLOW

Keeps head, neck and spine in proper alignment at all times in any sleeping position.
